Goods marked (C) to all Destinations in Foreign Countries in Europe and on the Mediterranean and Black Seas, other than France and French Possessions, Russia, Italy and Italian Possessions, Spain and Portugal, and to all Ports in any such Foreign Countries, and to all Russian Baltic Ports.

The dates appended to various prohibitions are those of Orders of Council imposing or amending those prohibitions since the Royal Proclamation of 10th May, 1916. Where no date appears it may be assumed that the prohibition stands as it did on the 10th May, 1916.

List E (page 805).—Goods specially prohibited by Royal Proclamation of the 13th March, 1917, as amended by orders of Council of the 10th August, 1917, and the 27th November, 1917, to be exported to Switzerland. The goods in this list or consignable to the Société Suisse de Surveillance Economique. It must be understood, however, that all goods mentioned in the General List, pages 787-804, are prohibited to be exported to Switzerland whether mentioned in List E or not. Goods mentioned in the General List but not in List E are not consignable to the Société Suisse de Surveillance Economique.

List F (page 813).—Goods specially prohibited by Royal Proclamation of the 29th September, 1917, to be exported to Norway, Sweden, Denmark and Holland.

Orders of Council issued subsequently to the date of this list or published in the "Board of Trade Journal," *which may be obtained either directly or through any bookseller from the undermentioned branches of H. M. Stationery Office*:—

London: Imperial House, Kingsway, W.C. 2.
Cardiff: 1, St. Andrew's Crescent;
Manchester: 37, Peter Street;
Edinburgh: 23, Forth Street;
or from Messrs. E. Ponsonby, Ltd., 115, Grafton Street, Dublin.

The attention of exporters is drawn to the fact that various articles marked B or C (such as, for instance, "Motor Vehicles and Motor Bicycles Accessories") may, in view of the percentage of copper contained in them, be subject to the Copper Prohibition (List A). (See "Copper.")

* This list cancels all similar lists issued by the War Trade Department prior to 18th March 1918.

Application must therefore be made to the War Trade Department for licenses to export goods which fall within the aforementioned copper prohibition on account of the quantity of copper contained therein. Such applications should always indicate clearly the actual quantity of copper and or copper alloys the goods contain.
